## Welcome at TH Wildau!

The International Office of the Technical University of Applied Sciences Wildau (TH Wildau) welcomes you to the fourth edition of its Wildau International Week.

This week, 12 guest lecturers from our different partner universities across Europe and the world are joining us to get to know TH Wildau, our campus, and the vibrant German capital region of Berlin-Brandenburg.

Our entire university community looks forward to your guest lectures, and we are confident that your contribution will be a positive experience for our students. This week will be a valuable opportunity to deepen our partnership. We hope you will enjoy your time in Wildau and Berlin, and that many new insights and initiatives will come out of the exchanges during the event.
